Re: LPC No. 0316500002 - Cook County LTV Steel Company State Permit File

Dear Ms. Wright:

In response to your letter of January 17, 1990, requesting a waste stream application for inter-plant transfer of wash oil, the following explanation is presented.

LTV has a coke plant at the Indiana Harbor Works in East Chicago, Indiana, which has been idled for some time. LTV also operates a coke plant in Chicago. The wash oil transferred from the idled facility in Indiana to the operating facility in Illinois (wash oil copies of manifest attached), is surplus at an idled facility but useful at our active plant and therefore not a waste. Additionally, this transfer of material was a one time stream and there is no need for an authorization number.

We hope that this should resolve this matter. If you have any questions, please contact Michael Thomas at 219/391-2840.

and the second of the second o
